UNIVERSITY OF THE GAMBIA (UTG)

SCHOOL OF ITC

MANIFESTO FOR A PROJECT DIRECTOR

NAME: EVELYN BADJIE

Dear Sir/Madam,

As a candidate for the position of Project Director for this election , I stand with a clear vision to drive innovation, accountability,and strategic process within the school of IT. With a commitment to excellence, a passion for collaboration and the knowledge of Project management, I aim to focus on ensuring the seemless coordination of efforts that not only strengthen my campaign but also leave a lasting impact on the institution. This manifesto outlines the values, principles,and objectives I commit to,as well as a series of actionable projects that will enhance the growth and development of the school of ITC.

Core Values and Principles

- **INTEGRITY:** I believe in leading with honesty and transparency ,every decision and action taken under my leadership will be rooted in ethical conduct,fostering trust among all stakeholders.
- **INNOVATION :** The school of IT must continue to be a leader in technological advancement. I will champion projects that encourage creativity and push the boundaries of what we can achieve together.
- **COLLABORATION:** Great projects are born from teamwork I will ensure an inclusive environment where diverse ideas are welcomed, and every individual's contribution is valued.
- **ACCOUNTABILITY:** I will lead with a results driven approach,ensuring that our goals are met on time, within budget and with measurable success.
- **STUDENT EMPOWERMENT:** I aim to empower students to take active roles in their education, offering them platforms to showcase their skills, contribute to real world projects and shape the future of the IT industry.

Objectives

- **Fostering innovation and Research:** Support the creation of research groups where students and faculty can work on cutting edge projects on areas such as cyber security,data science and more.

- **Promoting inclusivity in IT:** Ensure that all students, regardless of their background,feel welcomed and supported in their pursuit of IT careers,by developing diversity and inclusion initiatives.
- **Mitigating Risk and solving problems:** Establish risk management fireworks, conduct regular assessments and develop contingency plans to address unforseen challenges promptly and effectively.
- **Stakeholder Engagement and Alignment:** Maintain clear and consistent communication with stakeholders,manage their expectations and address their feedback throughout the project lifecycle.
- **Optimizing resource utilization:** Develop strategic resource management plans,allocate team members and budgets wisely and adjust allocations as needed to maintain balance and efficiency.

Proposed Projects

1. **School Management System:** Develop a simple school Management System that can automate administrative tasks such as the solving of missing grade issues, registering of course etc .
2. **Coding Bootcamp for beginners:** Introduce students to basic programming languages such as Phyton ,HTML, C+ etc.
3. **E- Library Project:** Develop a digital library where students can access academic resources, books and IT related research papers.

Conclusion

 If elected as a project director for the school of ITC, I will lead with a commitment to innovation, inclusivity and excellence. Together, we will transform the school of IT into a hub of creativity,cutting edge research and industry-leading talent. By fostering collaboration and ensuring access to the right tools and opportunities, I am confident that we can achieve great success and set new benchmarks for our school. With me as your Project Director ,we will build a future where the school of IT is known for producing leaders,innovators and changemakers in the Tech World .
